

The crowning in level of detail

AFFINIS®
PERFECT IMPRESSIONS

Still one of the fastest A-silicones

AFFINIS fast, with a maximum total setting time of 2 min 10 sec guarantees optimum efficiency and saves time.

Precise moulding of every detail even under the most difficult conditions

The highly active surfactant system is characterized by excellent surface affinity in a moist environment.

Confidence during impression taking

Self-contouring consistency prevents air bubbles and distortions.

Easy monitoring for success

AFFINIS PRECIOUS wash materials with impressive gold and silver pigmentation for excellent readability and detail reproduction.

AFFINIS® Family

Impression Material
